1. Company Overview

NCE is a group of companies known as “**NG**” with its head office based in U.K (Landon) and branch offices in Delhi (India), Mumbai (India) and Katihar (India), Dubai, Abu Dhabi and Ajman,(United Arab of Emirates),Toronto(Canada) Riyadh ,Jeddah, Madinah (KSA), Los Angeles (USA and Singapore) with many of our valued clients spread across India and GCC. The company was established in the year 1991 there year experiencing and extending with diversification of company business, now company stand as a group of companies.

NCE is a part of “**NG**” group of companies and “**NCE**” is serving in kingdom more than three years based on Riyadh, Dammam, Jeddah and Madinah with vast national & international experience gearing up to play leading role in the field of contracting services like civil works, electrical works, building constructions and maintenance, Consultancy and Engineering Service, etc . **NCE** are to build quality construction projects according to their original specifications, on time and in budget. Architectural craftsmanship, engineering, integrity, honesty, and quality workmanship are what they have built their reputation on since last two decades.

2. Expertise

NCE has deep experience in dreamless sector of civil works, electrical works, building constructions and maintenance, Consultancy and Engineering Service, etc. Since enterprise needs are becoming more challenging, change is more frequent and projects require a variety of skills, we operate cross platform teams for complex projects fusing different technologies.

3. Services

The company serves its customers at every project phase, from strategy formulation through design, project management and implementation right through to support and upgrades. We are committed to best practices and professional integrity to ensure we deliver quality. Customer satisfaction drives every aspect of their commercial contractor business. These time-honored qualities are incorporated into every project built by **NCE**.

NCE 's ability to combine the right equipment with our experienced crews and project managers ensures that your site is ready on time -- even on an accelerated schedule.

Our history of commercial services successes range from reservoirs, landfills, and retail development to airports, highways, power plants, railways , residential and industrial complexes. NCE provides the highest quality of service for just about every type of commercial excavation project, and that's a promise that's backed by the testimony of more than a half century's worth of satisfied customers.

4. Our Mission

Our mission is : To perform for our customers the highest level of quality construction services at fair and market competitive prices. To ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including timeliness, attention to detail and service-minded attitudes. To maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with our suppliers, subcontractors, professional associates and customers.

5. Our Approach To Quality

- The Quality group is a collection of individuals responsible for implementing **NCE** Quality Policy.
- The Quality group is well supported by the Construction Quality Assurance, Civil Engineering Group, knowledge Management Group, and the Training Group.
- The Civil Quality Assurance group ensures that the project quality activities are planned and implemented in accordance with our Quality Policy, in all deliverables.
- The Civil Engineering Group defines, maintains and improves our Quality Management System.
- The Knowledge Management group ensure latest technology is incorporated in to our Tools, Techniques and Methodologies used to deliver high-quality services to our customers ensure continuous process improvement.

6. Safety

At NCE , we have developed a culture that promotes an injury-free environment and provides the safest workplace possible for our employees, subcontractors, clients and others who enter or who near our construction sites. Our mantra is: “Every worker goes home from each of our jobs, every day.”

We are dedicated to elevating the standards for safety in the construction industry through a wide variety of methods—from zero-tolerance drug testing to our aggressive fall-protection program, which includes partnering with the leaders in the insurance industry to develop the next generation of fall-protection systems. Through innovative training and education programs, we also provide our employees and subcontractors with the tools, knowledge and resources they need to increase safety, reduce risk and improve loss control on every project we manage.
